

trendspace

ENABLING INDUSTRY TRANSFORMATION IN COLLABORATION WITH SFIC

trendspace is Singapore's first high-rise multi-tenanted development to cluster furniture, design and lifestyle-related companies. Conceptualised in partnership with the Singapore Furniture Industries Council, the development will house furniture manufacturers, interior fit-out specialists, material suppliers and designers under one roof. There will also be spaces for collaboration, product showcase, integrated training institute and design studio at Level 1 of the development.

Creating Tomorrow's Industry Spaces

Flexible and Optimised Space to Help You Stay Ahead of Competition

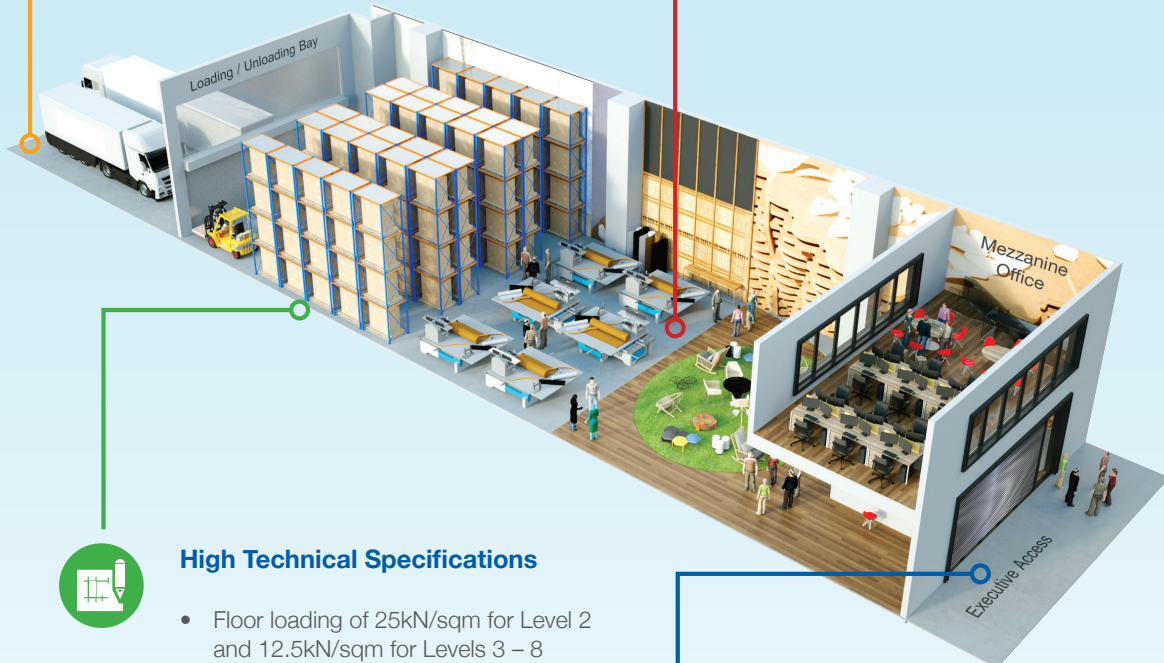

Seamless Movement of Goods

- Designated loading / unloading bays and carpark lots for each unit
