## 'Smart' comes to a national trade portal

The one-stop Networked Trade Platform (NTP) supports digitalisation efforts and connects players across the trade value chain - in Singapore and abroad. It aims to provide the foundation for Singapore to be a leading trade, supply chain and trade financing hub. It taps on new technologies to serve the evolving business needs of the trade and logistics community.

## Renovator Hub's Arimokko helps small carpentry firms take on big projects

Size matters when it comes to taking on big interior projects.

Shared services, where available, can provide cash-strapped firms with otherwise little or no access to machinery and/or software; a level-playing field to compete against the bigger players.

## Decor Fan Singapore - A cool idea

For homeowners who place a premium on home décor, their options are often limited given that most traditional ceiling fans are bulky in design and prioritises function over form. A local firm started in 2016 believes that ceiling fan customers need not compromise on their aesthetic needs and they may just have the perfect solution.
